

Battery Tester

Instructions for Use

HOUSEHOLD BATTERY TESTER

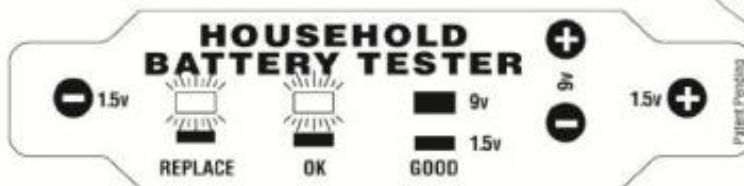

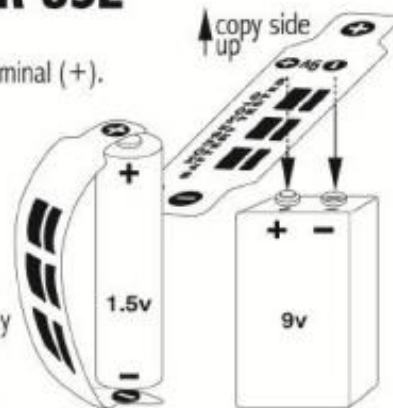

Yellow appears in rectangle indicating battery is "GOOD", "OK", or "REPLACE".

INSTRUCTIONS FOR USE

1. Hold tester with copy side up and circuit side facing battery.
2. Touch and press positive end of battery tester to positive terminal (+).
3. At the same time, wrap, touch and press negative end of battery tester to negative terminal (-).
4. Maintain constant contact with tester for 10-15 seconds.
5. Read 1.5 or 9v indicator:

REPLACE-Replace battery. **OK**-Battery usable. **GOOD**-New.

NOTE: Battery Tester is activated by the battery being checked.
Keep test times as short as possible to avoid unnecessary battery drain.

Patent Pending

Example: 9 volt battery OK.

Battery Sizes: 1.5 AAA,
AA, C, D, 9v PP3
