

REUSEABLE FOREHEAD THERMOMETER

Liquid Crystal Forehead thermometers are a convenient and accurate device that is unbreakable, completely safe, convenient, easy to carry, fast and easy to use. Increasingly widespread use of colour change forehead thermometers is due to a growing awareness that this non-invasive measurement tracks core body temperature closely and reliably. The products are a quick way of checking a temperature and can be read accurately from any viewing angle.

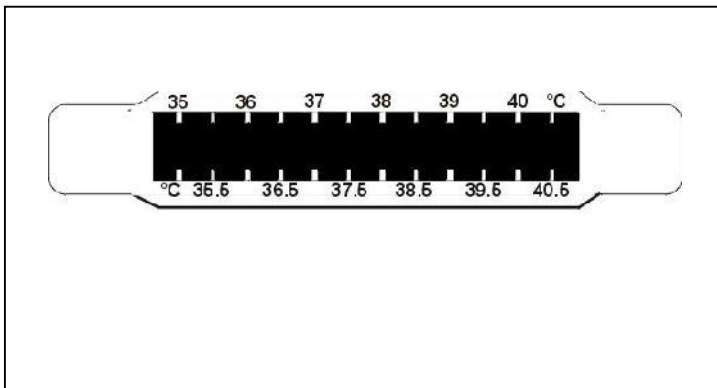

Key Features

- Unbreakable
- Easy to use
- Quick Reading
- Temperature Range: 35-40°C
- Accurate to +/- 0.5°C of rated temperature
- Core-adjusted with 2°C / 3.5°F offset

Surface:	Polyester
Size:	89mm x 19mm
Temperature Ratings:	35-40°C
Active Material:	Non toxic mixture of liquid crystal esters
Supplied:	Products are available bulk packed in bags 100 pieces or supplied single packed in either a plastic box or vinyl sleeve. Full instruction leaflet is also available.
Shelf Life:	We guarantee the thermometer's accuracy for 12 months from the date of supply.
Storage:	Store in a cool, dry, dark location. Avoid exposure to UV light (including direct sunlight) and extreme temperatures (below - 5 above 40°C)
