

baby bath thermometer

babysafe®

..be sure bathing is safe

These thermometers provide added safety and reassurance to parents and carers, from the time a baby is born and through their early years, helping to ensure a childsafe environment.

This new range is manufactured in the UK and incorporates the latest liquid crystal technology, using a unique accurate and easy to read red moving thermometer scale.

Bath Thermometers

Bath Thermometers protect your baby against scalding and provide a safe and comfortable bath.

These unbreakable bath thermometers show quickly when the water is just right, or too hot or cold.
