

baby cot thermometer

babysafe®

..check the room temperature as close to your baby as possible

These thermometers provide added safety and reassurance to parents and carers, from the time a baby is born and through their early years, helping to ensure a childsafe environment.

This new range is manufactured in the UK and incorporates the latest liquid crystal technology, using a unique accurate and easy to read red moving thermometer scale.

Cot Thermometers

This new thermometer attaches easily to your baby's cot rail, and monitors the room temperature as close as possible to your baby.

You can quickly and easily check the temperature day and night, for constant reassurance.

Fits all cot rails up to 25mm width.
